APPLICATIONS

Aerospace, medical, dental, military, automotive and a wide range of commercial-industrial firms find that Danco has the capability to exactly meet their needs for quality, delivery and price. With an almost unlimited resource of surface preparation and finishing techniques, as well as a wide range of product identification methods, Danco is prepared to meet your total needs from design evaluation through finished, packaged products.

MEDICAL/DENTAL

COMMERCIAL/INDUSTRIAL

AEROSPACE/MILITARY

DANCO WARSAW VALIDATED PROCESSES

- Manufacturing Cleaning Effectiveness
- Type 2 Titanium Anodizing
- Color Titanium Anodizing
- HAnano Coating
- Type II (Standard) Aluminum Anodizing
- Type III (Hard) Aluminum Anodizing
- Chemical (Chromate) Conversion Coatings
- Nitric Passivation
- Citric Passivation
- Electropolish
- Low Friction Chrome Coating
- Non-Destructive Testing (NDT)
- Laser Marking: Implants and Instruments
- Deep Image Graphics
- Epoxy Ink Marking

DANCO ANODIZING

ISO CERTIFIED
ROHS/REACH COMPLIANT
NADCAP ACCREDITED
ITAR CERTIFIED

It isn't finished until it's finished.

Danco representatives can provide comprehensive technical assistance and information on how the various types of coatings may affect performance and costs. Contact us at any of the locations listed, and we will be pleased to discuss the application and special handling of your products and any required specifications.

FACILITIES GUIDE

Danco Anodizing

44 La Porte Street, Arcadia, CA 91006

Tel. 626-445-3303

The Arcadia facility offers both Aluminum and Titanium Anodizing. Our Dimad division provides Polishing, Graining, Blasting and De-Burring to achieve your desired mechanical finish. Other processes include Chem Film, Passivation and Electropolishing. Deep Image and Full Color Graphics available as well as Laser Marking, Screen Printing, and Engraving. Nadcap approved, RoHS compliant.

Danco Anodizing

1750 Monticello Court, Ontario, CA 91761

Tel. 909-923-0562

The Ontario facility provides the Inland Empire business community with Type II and Type III Aluminum Anodizing, Chem Film, and Passivation of stainless steels. Dimad is co-located to provide finishing operations as described above. Nadcap approved, RoHS compliant.

Danco Anodizing

401 W. Rowland, Santa Ana, CA 92707

Tel. 714-557-2411

The Santa Ana facility provides hundreds of machine shops with rapid turnaround and Hard Coat Aluminum Anodizing Services, Chem Film, and Passivation of stainless steel. As with the other plants, finishing and marking services are available. This facility also has Liquid Penetrant NDT Inspection available. Nadcap approved, RoHS compliant.

Danco Anodizing

2450 Deelyn Drive, Warsaw, IN 46580

Tel. 574-269-5900

The Warsaw, Indiana facility is a complete one-stop provider to manufacturers in the Midwest and Eastern US with top quality Titanium and Aluminum Anodized Coatings. Chem Film, Electropolishing, and Passivation processes are also offered. Warsaw provides Low Friction Chrome Coating (LFCC) for medical instruments and Deep Image Graphics heavily utilized as a desired finish for medical cases and trays. Laser marking and Liquid Penetrant NDT Inspection are also available. This plant is Nadcap, ISO 13485:2016 / NS-EN ISO 13485:2016 certified and RoHS compliant. HANano Coating is also offered through Danco-Warsaw.

Danco Changzhou

16 Tianshan Road, Xinbei District,
Jiangsu Province, Changzhou, PRC 213022

Tel. +86-136-85269757

The Changzhou plant expands Danco's ability to support manufacturers globally, with an emphasis on the medical device industry, by offering Titanium Anodizing, Electropolish, and Passivation services.

Danco EN

1745 Monticello Court, Ontario, CA 91761

Tel. 909-923-0562

This state of the art facility provides plating services including Electroless Nickel, Sulfamate or Bright Nickel, Cadmium, Chromate Conversion, and Clear/Yellow/RoHS compliant zinc. Embrittlement Relief and Customer Bake Post Processing available to complete plating requirements.

Danco EN can be accessed through any of the California facilities.
